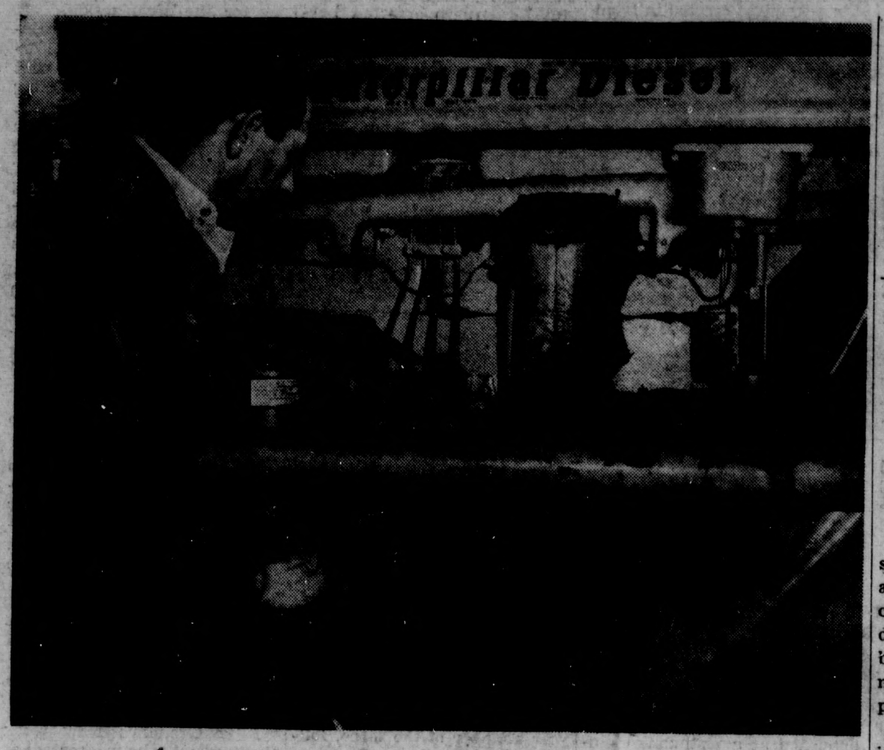
Schools Here Launch 'Staggered' Class Program For 1565 Children



COASTSIDE vandals Sunday did $2500 worth of damage when they fired two rifle bullets into the motor block of this DC Scavenger company bulldozer. Owner Al Sereni believes adults—opposed to the dump on near Mussel Rock—were responsible. Mechanic Guido Cavana gives the damage close scrutiny.

City Ponders Radio—New Or Old Best?

Megocycles, frequencies and static filled the air for almost an hour Monday as the city council and a corps of experts debated the relative merits of buying new police radio equipment against converting the present radios.

Frank Fratti, radio technician who services the Daly City equipment, said he could convert the present units to a new frequency for about $800. The city's present frequency has been plagued with "skip" interferences from such far-off places as Alabama.

The council is holding bids ranging from $8000 to $10,000 for supplying new radios.

Sales representatives from the various firms submitting bids maintained that it would eventually be more costly to convert the present equipment. City Manager Howard Stites, in a letter to the council, took the same stand.

Equipment 'New'

Fratti said that the present equipment was relatively new and could be converted at a

ONCE-HEFTY Charles Lewkowitz, recent Navy dischargee of Daly City, is seriously ill in a San Francisco hospital from ailments which he claims were "overlooked" while he was on active duty. Above photo shows Charles when he enlisted here less than two years ago. He has dropped from 215 pounds to 120 in the past six months. Congressman J. Arthur Younger is investigating the charge of negligence against the Navy. Lewkowitz was termed physically fit when he was released.

PLAN DESIGNED TO AID READING ABILITY

The "staggered day" school plan will start Monday for 1565 Jefferson Elementary School district children from first through third grades.

The program is designed to place special emphasis on the reading program, allowing teachers to work with half-size classes for two hours each day.

The first group of pupils will arrive for classes at 9 a.m. and will be dismissed at 2 p.m., while the second "shift" will start at 10 a.m. and attend until 3 p.m.

During the initial and final hours, the teachers will be working with half the number of pupils and therefore able to pay more attention to individual reading needs and work-study skills, according to Dr. Vincent Stratton, director of instruction.

The program will be in effect only for children not now on double sessions. First through third graders attending split sessions will be introduced to the new program as soon as classroom space is available.

This will mark the third year that the staggered plan has been in operation here, having been adopted after successful experience with it in many California school districts, Stratton said.

Changes in the bus schedules have been made to arrange for transportation of students at the later starting time.

The new schedule will lessen slightly the total hours of school each day for the primary pupils, but will still be above the state-required minimum.

Ceiling Sags On Westlake Rec Building

Poor lumber, the earthquake, or both were cited by engineers Wednesday in a report on why the Westlake recreation building's roof is sagging.

The vertical inverted V-shaped beams in the $25,000 building have been separating, causing the ceiling to "droop" in the center, according to recreation director Dee Ven Nest.

Recreation commissioners learned from an engineer's report at their meeting Wednesday that it would cost about $300 to repair the damage, if the city uses its own labor. Commissioners held up the allocation pending further study.

The recreation group announced that the War Memorial meeting rooms would be available in about 30 days and tentatively established December 19 or 20 as date for an open house, at which time the public can inspect the new facilities. The dates will coincide with the annual Christmas program.

Buy Equipment

The commission allocated $2500 to purchase a refrigerator, stove and hood, dish washer and dishes and silver ware to be used in the new meeting rooms, which will be fully equipped for serving hot meals.

A tentative policy for use of the building's new facilities by groups and organizations was approved. Van Nest said some 12 applications have been submitted for use of the rooms. A maximum of 18 meetings a week can be handled in the center.

Doelger Denies Cutback

A spokesman for Henry Doelger Builder Inc. said today that home construction was still proceeding at the rate of 2½ to 3 dwellings a day in Westlake Unit 9, despite elimination of G. I. loans.

B. Poncetta, vice president of the Doelger firm, denied emphatically reports that all construction had been stopped and many workers laid off.

"We've slowed down from our recent peak of 4½ homes a day, but that was a speed-up program to meet loan commitments which expired at the end of this year," Poncetta explained.

He said grading was in progress in the 1500-home Westlake Unit 10, while work was proceeding on schedule in Unit 9.

Part of the Doelger crews have been assigned to the apartment construction projects, Poncetta added.

'WANT FAIR SHAKE'

Volunteer Firemen Rally Forces Again

Daly City's 35 volunteer firemen, alarmed at their dwindling budget and membership, met again Monday to formulate a new plea to the city council.

The volunteers, with a membership that has dropped from 60 to 35 in the past year, are operating on a budget of $1900, as compared with $8000 for last fiscal year.

Volunteers Frank Tardelli and Fred Mather pointed out that one year's salary for a paid firemen, or $6000, would adequately finance the on-call pay and activities of 35 volunteers.

The volunteers also emphasized the importance of maintaining their program in order to keep the city in a low-rate fire insurance classification.

The National Board of Fire Underwriters recommends that Daly City have 32 paid firemen in order to retain its rate status. The city now has 24 full time firemen, meaning that the volunteers must be maintained to augment the paid crew Tardelli explained.

Tardelli said that morale of the volunteer department is at an all-time low. "We know that eventually there will be no more volunteer program," Tardelli continued. "But we're helping give the people of Daly City good fire protection now and we're not getting a fair shake."

Volunteers also criticize the fact that the horn is no longer sounded on fire alarms until after the paid men have visited the scene to determine if the blaze warrants calling out the volunteers.

"If there's ever a really serious fire, the damage will be done before we can get there if they don't sound the horn," Tardelli said.

Tardelli and Mather said their group plans to put in an appearance before the council in the near future to explain their needs.

FEUDIN' RAGES AT COASTSIDE GARBAGE DUMP

The Martins and the Coys had nothing on the feud that's been raging between Coastsiders and the Daly City Scavenger Co.

The seashore inhabitants have been venting their wrath for some months in protest of the scavenger firm's fill and cover dump site at Mussel Rock, which is right off the scenic Coast Highway. The dump opened for business two weeks ago.

What had been only seething anger erupted into something more overt last weekend when someone fired two .30-.30 slugs into the engine block of the scavenger company's new $15,000 Caterpillar bulldozer.

Police estimated damage to the equipment at $2500. The 'dozer will have to be taken to San Leandro for repairs, slowing the garbage operation down considerably, according to Scavenger president Al Sereni.

The equipment had been parked at the base of the new dump site when the marauder started plinking away at the thing's insides, probably early Sunday morning.

Sereni said he strongly suspected that one of the garbage firm's antagonists on the Coastside had fired the "fatal" shots.

A leading spokesman of the Coastside communities opined that it was probably the work of young pranksters.

Police called it a case of malicious mischief (about $2500 worth of mischief) and are investigating the case.

'Pacifica' Born By Slim Margin On North Coast

Residents of the North Coastside decided Tuesday to incorporate as the city of Pacifica, by the comparatively narrow margin of 2602 to 2113.

Approximately 55 per cent of the community's 6949 registered voters turned out to create San Mateo county's 15th city.

Unofficial returns showed that Mrs. Jean S. Fassler led the balloting in the race for five council positions with 1700 votes. Others apparently elected to the council were: George Mason, 1522; Don Miller, 1520; Gerald Schumacher, 1005; and Harold Feyge, 939.

Traditionally, the candidate with the highest vote is elected to the mayoralty by fellow councilmen, which would mean Mrs. Fassler would be the city's titular head of government.

Fassler and Mason will serve until 1960, while the other

Vets' Officials Probe DC Sailor's Illness

A Daly City man's feud with the U. S. Navy got results this week as the Veteran's Administration launched an investigation of the incident.

Joseph Lewkowitz, service station owner and school trustee, has charged the Navy with "negligence" for discharging his son, Charles, "early, and physically sick."

The youth, formerly a husky 215-pound Jefferson football player, was released last month after less than two years of duty on a four-year hitch. His discharge papers termed the release "honorable" and under the convenience-to-the-government category, meaning that his service job was not essential.

Charles, 21, who said the Navy refused to give him proper treatment—his weight at discharge was less than 150 pounds—claims he has been sick the past six months, his last duty spent in the Far East aboard the carrier USS Hancock.

The youth has been under a civilian physician's care since discharge. Just two weeks ago he was hospitalized and termed in "critical" condition.

His father said today that the youth's trouble has been diagnosed as complications from an ulcer and an acute kidney infection. Down to 120 pounds, Charles is reported "improving," but until he gains weight, an operation is not feasible.

Congressman J. Arthur Younger contacted the Veteran's Administration for the investigation. He said that a claim for hospital expenses would appear to be justified.

City Finally Pays $1000 For Survey On DC Asressments

The city council reluctantly pungled up $1000 Monday for a survey on assessment practices prepared by Louis J. Kroeger & Associates.

Councilmen had delayed paying the bill several months, charging that the $1000 fee was too high for merely "reiterating the county assessor's stand" in disclaiming Daly City charges of unfair assessments.

Del Wilson was the only councilman who voted against paying the fee.

Said freshman councilman Francis Pacelli, "Let's pay it. Maybe it'll be a lesson to us."

TRUSTEES GRANT FINAL PAYMENTS ON WESTMOOR

High school trustees Monday night sympathetically granted the Westmoor High general contractor a second extension and unanimously moved to file the notice of completion on the ultra modern plant this week.

The job, originally set for 14 months, thus has required 23.

The board made its final inspection of the $2.5 million school on Wednesday, then if satisfied, was to notify the district attorney to speed final payment of some $250,000 to Contractor Theo H. Meyer and Sons within the next 35 days.

Dedication ceremonies for the widely publicized school probably will be determined at the November 13 meeting of trustees.

The board's action Monday thus gave Meyer an extension of 130 days over the second deadline date of June 24. This extension runs out this Friday, with all but a few minor items to be attended to at the spacious plant.

Original contract on the school ran from December 20, 1955, to February 20 this year. Last December, however, the board gave Meyer 124 extra days to complete the project, making the deadline June 24.

Frank McKinley, representing the contractor, Monday convinced trustees that the second extension was justified, citing the recent bricklayers and asbestos strike and the March 22 earthquake delay.

Supt. Ed Morgan and trustees refused to accept only one portion of the extension re-

Taxi Cab Firms Cross Swords Over Two More Permits

Hilltop Cab Co. and Yellow Cab battled it out to a no-decision contest Monday night as the Hilltop firm sought to obtain two more taxi cab permits to augment their present five.

Yellow, represented by attorney Phillip S. Mathews and president W. Lansing Rothschild, maintained in their protest that the application for two more permits was "frivolous." They based their protest on three contentions: that no public convenience and necessity was shown for additional taxis; that the superior court had appointed a receiver for Hilltop Cab and that therefore Kirchhubel was not entitled to speak for the firm; and that Kirchhubel had had his liquor license revoked at

quest, the 60 days "lost" by the contractor due to a change order involving the partition between and boys and girls gymnasiums. This was not in the original contract.

McKinley, backed by Architect Mario Ciampi, said that the causes of the delay "were beyond our control."

When asked if he thought the original 14-months contract on the school was reasonable, he replied: "In this business, we never know if a job can be finished on time. Contracts are determined usually on 'ideal' conditions, meaning that the work will be finished on time if there are no delays. Why, we had three months of rain out of the 14 months time limit on Westmoor. This set us behind 90 days. Then came the strikes, and the earthquake, so what could we do? We're willing to document every item on this second extension request."

Ciampi further supported the contractor by citing the Meyer firm for outstanding cooperation and superior workmanship."

Principal Glenn South said his staff was quite satisified with the plant, "despite some bugs," and "we feel the school is quite functional."

Morgan also reminded that the contractor was very cooperative. "Actually, he gave us the school for use in September. Some contractors, with still more work to do, could have kept us out of the plant until it was finished. I think Meyer is to be commended for allowing us to move into the plant while his men were attempting to complete it. Remember, it's pretty hard to finish a job when the place is occupied. These contractors really have the problems."

the Hilltop Lodge for a narcotics violation.

The latter point, Mathews said, made it questionable whether Kirchhubel should be given any more permits "in the best interests of the citizens" under a section in the Daly City ordinance governing taxi cab operations.

Kirchhubel, in his rebuttal, cited his long residency here and his "pioneering" in government and civic activities.

The cab company co-owner also contended that he should be given two more permits because "they're rightfully mine." Kirchhubel said his company has had seven permits all along but the city has recognized only five.

The council closed the hearing but made no comment on Kirchhubel's request.

DC Policeman Slays Prowler With Club After Vicious Fight

A veteran Daly City policeman showed two comparative rookies how to handle a prowler late Wednesday night here. He clubbed the uninvited guest to death.

Officer Charles Munday, 10-year member of the force, foiled the culprit after a 15-minute battle in the home of Mrs. Evelyn Lee, 414 Crocker avenue.

Munday, and Officers George Brooks and Richard Sims answered the call at 11:06 p.m. when Mrs. Lee said she heard strange noises in the kitchen.

The invader was hiding in the vent above the kitchen ceiling. He made his break for it, but Munday was too swift. He finally dispatched the prowler after a ferocious fight.

Thus ended the career of a 10-inch rat. And Chief Roland Petrocchi is grooming the fleet-footed Munday for a hero's medal—first class, no less.

JAIL TRIO IN POST DEADLINE DRINKING CASE

Selling drinks after the 2 a.m. deadline led to the arrest of a Daly City bartender and two customers here Tuesday morning.

Officers Frank Murray and Phil La Bruzzo arrested bartender Robert Thielsen, 789 Hillside boulevard, at Gino's Club, 7123 Mission street, after they entered the place about 2:15 a.m. and spotted a drink in front of Frank Piltz, a San Franciscan, on the counter.

Thielsen was cited for violation of the business and professional code, though he said his clock "was running fast."

Mrs. Mary Ann Piltz was booked a few minutes later for drunkeness when she insisted she would drive her car home. Officers had warned her that she was in no condition to drive a vehicle.

The trio were released on bail to appear in municipal court November 12. Thielsen had to post $250 for his release.

Brisbane Home Owners association almost voted to dissolve itself Tuesday but reconsidered when members discovered it would cost $750 to do so.

President David With proposed the motion that the association disband.

Before the vote was taken, housewife Laura Johnson read a note from Nate Cohn, attorney for the organization.

Cohn said that he had helped draw up bylaws for the organization on the premise that it would be a continuous thing for the good of the community. If the association was to be dissolved, Cohn's note read, he would bill the homeowners for $750, his fee for representing the association. If the organization continued, Cohn said he would still offer legal services free.

The membership of some 50 persons noted that there was only some $300 in the association treasury and that to pay Cohn's fee, the group would be in the red more than $400.

The vote was unanimous to keep the organization intact.

R. J. Roland, a dirctor on the homeowners group, resigned his position. Nominated for the position were Virgil Johnston and Mrs. Beatrice Beall. An election will be held at the November 26 meeting.

Billy Graham Film Showing Saturday

Billy Graham's New York Crusade will be recreated at the Daly City War Memorial building this Saturday at 8 p.m. with the premiere showing of "Miracle In Manhattan."

There is no admission charge for the event, and all seats will be on a "first come" basis.

The film is being sponsored by the First Community Church of South San Francisco.

The showing of "Miracle In Manhattan" has created special interest in view of the fact that on April 27, 1958, Evangelist Graham will be conducting a six-week crusade in the Cow Palace.

The California Rodeo, held each July at Salinas, has been called "a model for cowboy contests the Nation over."

SLEEK is the word for Buick's new 1958 Century convertible. Like all cars in Buick line, Century is equipped with dual headlights, and new fender and hood line, which accentuates its low silhouette. It also has improved dynaflow transmission, and air-cooled aluminum brakes on the front wheels.

A MOST DESERVED TESTIMONIAL

Tuesday night more than 300 San Mateo county business and civic leaders honored Frank Blum, former city attorney here and now superior judge.

The testimonial was unusual in one respect. Usually men are honored at testimonials after their careers are over. In this case, Blum was feted as he embarks on his new career on the superior court bench.

Much of the tribute was, of course, for the excellent performance of Blum during his some eight years as city attorney. The size of the turnout attests to his popularity as an individual and an attorney.

Northern San Mateo county is singularly fortunate in having Blum as its "representative" on the bench. The north end needs men of high caliber to bring it into rightful focus in the administering of county affairs.

We reiterate editorially that Blum's appointment as a superior judge has real significance for the north county's future.

We are most gratified to have a superior judge from this area and equally pleased that this judge is Frank Blum.

These same sentiments were demonstrated Tuesday night by several hundred persons. It was a most deserved testimonial.

Westlake Contractor Dies In Car Plunge

Andrew Madsen, 31, a contractor who lives in Westlake, was killed Sunday when his car plunged over a cliff into a canyon near Sonora, California.

His wife, Josephine, 30, was reported in "fair" condition by Sonora hospital officials. She suffered a broken ankle and bruises in the mishap.

Officers said Madsen's car was completely demolished in the 200-foot plunge.

Affiliated with the Madsen and Son Construction company, a San Francisco firm, Andrew lived at 431 Southgate avenue.

Funeral arrangements were not available at press time.

The Yerba Buena Island tunnel of the San Francisco-Oakland Bay Bridge is said to be the world's largest in diameter of bore.

School Board Dates

Jefferson Elementary school district trustees will meet in regular session on November 6 and 20, it was decided at the last board meeting.

The sessions start at 8 p.m. in the superintendent's office, 48 Park Plaza drive, second floor.

SWITCH POSSIBLE ON HI SCHOOLS FOR COASTSIDE

School trustees should know next month whether Sharp Park or Linda Mar will be the site of the district's third high school by late 1960.

The 50-acre Sharp Park site, owned by the district, is somewhat roadblocked because the state division of highways has not been able to determine its route and right-of-way off highway 1 for the proposed freeway.

If the freeway cuts through Sharp Park as planned, the state right-of-way would cut some 4½ acres off the high school site. Until this decision is made by the state, the high school district will be unable to launch site plans and start the paperwork for state funds to build the school.

Supt. Ed Morgan Monday night said the district was in an "awkward situation," and would have to wait until the state made its decision.

No funds are in the state's '58-'59 budget, another delaying factor.

The district will seek a replacement on the 4½ acres from the state if the right of way cuts into the high school acreage east of the highway.

Coastsider Ray Whitney urged that the district expedite both the Sharp Park and Linda Mar sites "as soon as possible, so if there is a delay on the former, we won't lose any time on the other."

Morgan agreed, and said the board might consider changing its timetable on the Coast schools. Though the Sharp Park school is tabbed for the first project, delays on the right of way could switch the emphasis to the Linda Mar site. The superintendent added however, that many problems have yet to be met there. Included in these are purchase of the land, determination of access roads, and negotiations with county and city officials on the Coast, if the "Pacifica" vote is successful.

Morgan will consult State School Planning officials in Sacramento on November 12, at which time he will present his alternatives on the Coast high schools.

In other main business Monday, Morgan informed the board that the subdividers and city officials will again meet with school representatives on November 20 to discuss perimeter street plans, shared costs of streets, gutters and sidewalks, and the Master Plan for Westmoor high school.

Morgan, City Manager Howard Stites, Elementary Supt. H. Z. Weibel, and builders Chris McKeon and Mike Callan met last week to air their mutual plans for the area bordering the high school.

The board is waiting engineering reports from the city on the realignment of Westmoor avenue (Edgemar road) and from engineer Ted Tronoff on the lower portion of the high school property.

3 Youths Here Await Exams For Service Schools

Three Daly City - Colma youths are among more than 90 San Mateo county boys nominated by Congressman J. Arthur Younger to take the preliminary examinations for the Service Academies.

Scheduled to take the test are Dan Anderson Jr., 793 Beechwood drive; Ronald R. Bush, 282 Irvington street, and James R. Chisholm, 18 Village Lane.

The examination, given by the United States Civil Service Commission, will be held in Redwood City on November 18. It will serve to qualify those who receive the highest grades for appointment to the United States Naval Academy at Annapolis; the U.S. Army Academy at West Point; the United States Merchant Marine Academy at King's Point, New York; and the United States Air Force Academy at Colorado Springs, Colorado.

In the 9th Congressional District (San Mateo county) represented by Congressman Younger, there will be two appointments available to West Point and four appointments to Annapolis. Younger maintains a firm policy of appointing the boys strictly on the basis of the highest score in the preliminary examination. There are no exceptions to this rule.

Appointments to the Air Force Academy and the Merchant Marine Academy are on a different basis. The highest 10 boys interested in these academies are nominated by Younger for consideration of the commandant of the respective academy. The Air Force Academy, because of highly restricted facilities, chooses only 23 boys from the entire state of California and a limited number from each state in the union. This places the ten high scorers from San Mateo county in statewide competition with high point boys from all of the 30 Congressional districts in the State.

This same procedure applies to the Merchant Marine Academy, with the final appointments being made by the commandant of the academy from the highest ranking boys in the state.

Westmoor Club To Swap Ideas With Frenchmen

Westmoor's French Club students are working on scrapbooks about the United States and will exchange them with an English Club in a French high school, according to Gaye Stromgren, president of the club.

A pen-pal correspondence is also being started with French teenagers as another club activity. Educational entertainment planned for this semester by the club is to eat dinner in a French restaurant and to attend a French movie afterwards. A student committee has been appointed to select the restaurant and movie. Other officers in the club include Judy Johnson, vice president; Thelma Cubillo, secretary, and Janet Flint, treasurer.

Olympia, Vista Mar Buzz With Activity

If activity is the keynote to happiness, the students and staff at Olympia and Vista Mar schools should be the happiest people alive, what with the Fire Prevention Award winners, Hot Dog Sale, plans for the Halloween Parade, and classroom skits.

Mrs. Acton's third-grade class (Olympia) and Mrs. White's fourth-grade class (Vista Mar) came in first and second, respectively, in the Fire Prevention Poster Contest.

Thanks went to the Westlake P.T.A. for a "much appreciated" Hot Dog sale.

While the Indians were on the warpath in Mrs. Byerly's third-grade class depicting customs and pageantry in the form of heavy drama, they had stiff competition with Mrs. Oberlander's second-grade class' pumpkin choral sequence.

If Hollywood can claim recognition for their spectacular premiers, certainly Olympia and Vista Mar will be deserving secondary honors for their Halloween preview to be seen this Thursday morning and afternoon. At this time, a glimpse of the array of costumes will be witnessed by parents as the children parade around the immediate neighborhood.

The Signs Of Progress

RUSH-HOUR congestion at the dangerous Sheffield-Alemany intersection will be minimized when first switch is pulled on newly installed traffic signals (right.) Similar traffic control measures are due shortly at the Dorchester and Knowles links with Alemany. Westlake Improvement Association is responsible for improving the situation through repeated protests to the state.

NEW 'YIELD RIGHT OF WAY' SIGNS TO BE TESTED ON WESTLAKE STREET

Something new in traffic control - - - "Yield Right Of Way" signs—will be tried experimentally by Daly City.

The guinea pig intersection will be at Glenwood and Eastgate, with Glenwood traffic yielding to Eastgate.

The city council approved the test run Monday night, on recommendation of Police Chief Roland Petrocchi.

The "yield" signs, Petrocchi explained, are something far superior to regular arterial stops because they allow the free flow of traffic while at the same time reminding drivers to give right of way.

Persons who fail to yield right of way will be cited as if they ran an arterial stop, the chief said. If there is no oncoming traffic, the driver can proceed through the intersection without stopping.

Petrocchi said City of Berkeley had made a "tremendous improvement" in their accident record by posting the "yield" signs at particuarly dangerous intersections.

If the program is adopted throughout the city, Petrocchi said, the right of way will be reversed on alternate intersection to prevent drivers from speeding. If, for instance, a driver travelling north had the right of way at the first intersection, he would have to yield to east-west traffic on the second intersection.

The first "yield" sign will be erected in about two weeks and traffic studies will be made to determine the efficiency of the new control measure.

In impressive ceremonies at Aptos Junior High school on Friday evening, October 18, Hal Stites of Troop 241, Robert Ferber of Troop 88, and Daniel Link of Troop 246 received their Eagle badges.

The Eagle badge represents the highest award in the Boy Scout movement and is earned only after several years of vigorous and active participation in the scout movement. The Eagle Badges were presented by Deputy Chief Thomas Cahill of the San Francisco Police Department, who commended parents and Scouters for having started the new Eagles on the right road in life, "by providing an outlet for their bound less energies."

Life Scout badges were presented by Abner Kuperstein, Committeeman of Troop 143; to Robert Manion and Hilary Young of Troop 88, William Stewart and Bruce McGregor of Troop 92, Gregory Quintana, Stephen Shawl and James O'Farrell of Troop 143, Arthur Elvin of Explorer Post 300, and Glen Hilton of Troop 410.

Star Scout badges were presented by Bill West, Committeeman of Troop 246, to Lee Wurtenberg of Explorer Post 50, John Scott, James Rogers, John Medau, Dion Dillon, and Nicholas Daniloff, of Troop 88, William Stewart of Troop 92, Robert McEwan, John O'Dwyer, and Donald Holcher of Troop 143, Alan Scott, John Christen, and William West Jr. of Troop 246, Charles Culley, Brandt Larson and Alan Hanley of Troop 248, and John Drye of Troop 410.

Bronze Palm awards were presented to Peter Kleinsorge and Fred Voltmer of Troop 88, and to David Kuperstein of Post 143, by McMorris M. Dow, of the Lake Merced District Advancement Committee.

Host for the successful affair was Troop 246, led by Scoutmaster Daniel Link. The next Lake Merced District Court of Honor will be held in January.

EXPECT BIG CROWD AT WESTLAKE MEET —SIGNALS AGAIN

Traffic problems and possible solutions will again command attention of Westlake Improvement association directors when they gather Monday night for their regular open meeting.

Another good-sized crowd is expected to be on hand to hear what progress has been made with the state to have traffic signals installed on Westmoor and Westridge intersections on Skyline boulevard.

The meeting will start at 8 p.m. at the clubhouse, 95 South Mayfair avenue.

WESTLAKER ENDS LIFE BY TAKING SLEEPING PILLS

A 41-year-old immigration officer collapsed and died Saturday night at his Westlake home after reportedly taking an overdose of sleeping pills. Police listed the death as a suicide.

Mrs. Melba Pauzon, 18 Northridge drive, called police when she found her husband, Anthony, unconscious in his bedroom.

Officer Richard Sims, who administered artificial respiration, found an empty bottle of barbituates on a table nearby.

Pauzon, who moved to Westlake less than a month ago, was employed with the U. S. Immigration Department, San Francisco office. He retired from active military duty as an Air Force captain in 1950.

Lone survivor is his wife.

W. C. Lasswell company handled preliminary funeral arrangements. The body was shipped to Rockford, Illinois, Pauzon's birthplace, for burial.

Ghosts, Goblins Haunt Pack 999

Witches, black cats and goblins invaded the Westlake Temple House last Thursday night as the costumed Cubs in Pack 999 held a ghostly Halloween party.

Bobbie Reinherz, 2 Wolf silver arrows and assistant denner badge; Steven Pollak, Wolf gold arrow; Charles Likerman, Wolf gold and silver arrows; Kenny Liss, Wolf gold and silver arrows; Bob

Handicapped Can Benefit Via New 'Freeze' Policy

If you are disabled, you should contact your local office of the Social Security Administration at 2747 Mission street, San Francisco, as Congress recently extended through June 30, 1958, the time within which disabled workers may file a disability freeze application and have the disability period established as early as the onset of the disability. The previous deadline was July 1, 1957.

For your social security record to be frozen, you must have been disabled for at least six months and must still be disabled at the time you file your application. You must also have had five years of employment covered by social security in the ten years prior to becoming disabled. In addition, you must have a year and a half of employment covered by social security in the three years prior to becoming disabled.

The Social Security Administration will check your record to see whether you meet these requirements. If you do, you will be given forms for your doctors to fill out. These will establish the nature and severity of your disability. If your condition is one that is so severe that it prevents you from doing any kind of work and ff your disability is expected to continue indefinitely, you can draw your benefit payments at age 50.

The rules in the social security law for deciding whether a person is disabled are different from the rules in some other government and private disability programs. This means that some disabled people, receiving payments for "total disability" from another government agency, or from a private company, may not be found eligible under the social security law. However, you should not delay making inquiry about freezing your social security record even though you may be receiving disability payments from some other source.

W'moor Teacher Gives 'Fossil' Tree To School

HOWARD BALDWIN, former purchasing agent for Henry Doelger Builder Inc., announced yesterday he has entered the manufacturer's representative business in partnership with Bob Henderson, covering the San Francisco and Peninsula areas. Baldwin is a resident of Westlake.

Carl Kaufeldt, science instructor at Westmoor High school, has presented to the school a rare botanical gift in the form of a ginkgo tree.

The ginkgo, a maidenhair tree, is considered a "living fossil" as it has come down through the ages from the late Mesozoic times almost unchanged.

This chartreuse green tree with bi-lobed shaped leaves was almost unkown outside of eastern Asia before the eighteenth century. Now it has been cultivated throughout special gardens in Europe and America. Preferring a cool, temperate climate it has flourished and regained some of the territories that it was forced to leaves as a native millions of years ago.

Westmoor's ginkgo tree is currently display in the biology classroom for extended study use. This three feet-high tree which is about two years old poses a problem for all. Its sex cannot be determined for a few more years. If it is a female tree, it will eventually produce apricot-like red berries; if it is a male, the tree will not have berries and just produce pollen. Even though the current biology students will not be in school when it's sex is determined, they still will be able to take an interest in the tall tree as it will soon be transplanted to one of Westmoor's floral areas to become part of the flora of the high school.

Participating units include the school orchestra, choral group and the Boy Scout color guard. Following the ceremonies, classrooms will be open for inspection.

Two recreation leaders will be on hand in the playground area to supervise the younger children while their parents attend the dedication.

DC-Colma Exceed 'Crusade' Goal

United Crusade donations for the Daly City-Colma residential areas are 55% over the goal here, reports Mrs. Meredith Orloff, local chairman.

With some collections still to be tabulated, the more than 400 volunteers have brought in some $2808. Original goal for the DC-Colma residential area was $1798.

"This is outstanding response," beamed Mrs. Orloff. "We think we may have a record for the county."

Doelger Executive Starts Own Firm

Howard Baldwin, purchasing agent for Henry Doelger Builder Inc., yesterday announced his resignation from the Daly City builder, effective this month.

Baldwin, connected with the Doelger organization for the past five years, is a resident of Westlake and has resigned to go into business with Bob Henderson under the name of Bob's Supply Co.

The two are to act as manufacturer's agents and will handle lines known to the pair as a result of their close association with the building industry.

Baldwin is a man of vast experience, having been in the real estate and financing business, general contracting and general purchasing. The association with Henderson, who already is known in the trade, will give the company a greater coverage of the Bay and Peninsula areas, Baldwin stated.

'Young GOP' Club Planned For DC

The Daly City area "is to become the hub of a newly organized area of Young Republicans," according to announcement today by Marvin A. Larson, chairman of the San Mateo County Young Republicans.

Serving with Kindig will be Amos Bechtold and Bernard Etcheverry, Daly City attorneys; Mr. and Mrs. Gerald Higgins, active in Young Republican circles in South San Francisco, and Mr. and Mrs. Larry Miller, formerly on the program committee of the Greater Cleveland (Ohio) Young Republican committee.

Present plans are for an organizational meeting within a month, with a major office holder as speaker. Anyone interested in joining the clubs should telephone either the Millers, 18 Crestwood drive, apartment 8, Westlake, PL 6-4169; Bernard Etcheverry, 375 Mayfair avenue, PL 5-2800, or Amos Bechtold, 716 Maddux drive, Colma, PL 5-5306.

California Reports Fewer 'Big Holiday' Traffic Fatalities

California has gained in the number of cities who recorded no traffic fatalities in the Memorial-Labor Day period.

"The 1957 achievement shows 149 of our cities without traffic fatalities during the peak travel period," Bert Stewart, general manager, National Automobile Club, revealed recently in San Francisco. "This is better than a one-third increase over last year," Stewart said.

The statistics come as a result of the findings of the annual Inter-City Accident Prevention Contest which is sponsored annually by the California Association of Insurance Agents. Initiated four years ago, the contest is open to all incorporated cities in the state. First place awards are made in each of seven population groups with the winners being selected on the basis of the lowest number of fatalities in proportion to population. The activity was administered this year by the California Traffic Safety Foundation, and coordinated by the National Automobile Club.

All communities registering a no-fatality standing will be presented an award during special civic ceremonies to be arranged in the near future.

Three Blood Donors

Joseph H. Meeker and Ernest Spitzen, of Daly City, and Truett C. Welsh, of Sharp Park, were the latest local residents donating blood to the Peninsula Memorial Blood Bank.

Spitzen was donating a second time, according to the hospital report.

300 "Go West" In Soph Dance At Westmoor Hi

Approximately 300 Westmoor students crowded into the cafeteria October 18 to celebrate the "Sophomore Hoe-Down," the second "successful" dance of the semester.

Cut-out Western scenes attached to the glass windows and black and yellow crepe paper helped to transform the cafeteria into a chuckwagon. Western atmosphere was further enhanced by colored spotlights and students in Western attire.

Records supplied modern and frontier dance music. Donuts and cookies, furnished free by the Parent-Teachers Association, were served as refreshments, along with cokes.

Douglas McVeigh, Sophomore class advisor, supervised the planning and decorations for the dance. Student committees included Jackie Nolli, Cookie Aklborn, Dorrie Simpson, Pat Culley, Pat Smith, John Millward, Mary Fisher, Leonard Jacobson, Jean Dalby, Gary Wagner, Dick Reese, Bob Goodwin, Marilyn Hunt, Nancy Fanthorpe and Thelma Cubillo.

KAUFELDT TAKES WESTMOOR CLUB ON SCIENCE TRIP

The study of flora and fauna was the purpose of a recent field trip undertaken by Westmoor High's Science Club. Botannical specimens were brought back to the school to be placed on display for science classes, and for the student body.

Carl Kaufeldt, instructor in biology, and John Ligaites, physics instructor, led the group when they observed tomatoes, squash, and vegetation native to the area. Science club members who participated in this trip were Nancy Robertson, Elizabeth Green, Helen Patteson, Claim Wittig, Robert Doane, Joe Ganley, and Sandy Fritch.

The Science Club has other projects which encourage students in scientific memberships. One such project is their membership system. Each member wears a pin which designates which step he has reached in the club. Steps are based on general knowledge and experience in science. The first step is Episilon, then Gamma, Delta, Beta and on up to Alpha. Robert Delzell, club sponsor, feels that such a system encourages students to advance their knowledge in science.

IN THE MOOD

By Joan Taylor

The legend of Thanksgiving invariably depicts a Grandma Moses scene with crisp white snow, sleighs groaning with Uncles, Aunts and cousins, all tumbling into Grandma's house. But here the picture becomes our very own—for who doesn't remember the aproned women busily bustling about, making the table in readiness for the feast, which is initiated by the great moment when the bird is brought in on a steaming platter—a rich, golden brown!

Today our feast of thanks has altered considerably—become sophisticated, streamlined—modern. Our tables glitter with candlelight and wine—and all the gracious accessories necessary to a beautiful table. The center piece of driftwood and orange carnations is admired along with the glistening Spode China and Sterling Rose pattern. The setting is exquisite, the mood is upon us—the candlelight soft and flickering, while the first sip of white wine sends up a glow of anticipation for the arrival of the leading man.

Here, however, the comparison ends—for Mr. Turkey is still the center of the stage, to be followed by a complete sumptious Thanksgiving feast. And when you plan your Thanksgiving dinner be sure to include Manning's Famous Coffee. Manning's Coffee, which can be purchased at any of the Manning's Restaurants, will add much enjoyment and pleasure to your festive dining.

Reverend Downey Launches Course On Christianity

Downey, vicar of St. Martin's Episcopal church, Monday evening opened the third term of his "Short Course in Christianity" for adults. Continuing for approximately 10 weeks, the course will lead to confirmation for those desiring it.

Previous courses taught by Father Downey resulted in confirmation of approximately 20 adults on January 24 and May 12 this year. The next confirmation service will be held December 15. Confirmation classes for teen-agers in seventh grade through high school will be formed at a later date.

TV and Radio

Two delightful marionettes, "Snarky Parker" and "Gargle," and other puppet characters are the last "stars" one expects on an educational television program, particularly on the subject of mathematics. But there they were with their famous creator, Bill Baird, starring in a new program "Adventures in Number and Space" (premiere, Nov. 14, 6:30 p.m., KPIX) designed to make mathematics appealing to young people.

Watching a preview of the coming series, which was produced by the Westinghouse Broadcasting Company in cooperation with Columbia university, we cannot help but be excited about the show for two reasons. First, WBC has tackled an important but difficult subject, and with an unusual approach has come up with a program that is both entertaining and informative for adults as well as students. Secondly, KPIX wisely scheduled the program at an excellent time during prime viewing hours.

Present at the preview, attended by some of the Bay Area's leading educators as well as the press, was Richard Pack, vice-president of WBC, and producer of the series. He emphasized that fundamentally the program is designed not to teach mathematics, but "rather, to create a climate of acceptability, to make math appealing and important to young people."

We hope you will make viewing "Adventures in Number and Space" a weekly habit in your family. Remember stations can only broadcast programs—you are the one to turn on the dial.

KIDDIES' CORNER . . . . Sleigh bells . . . Santa Claus . . . it simply can't be, you say to yourself . . . Christmas isn't that close! But it is . . . just turn on your television this Saturday evening at 5 p.m. and you will find the jolly old gentleman busy in his workshop at the North Pole, as that delightful program for the tricycle set, "Happy Holly Show," returns to Channel 4 for its eighth year—one of the oldest live TV shows in the Bay Area.

NEW PROGRAMS . . . . "Vagabond," a new idea in documentary travelogue which tells the story of the people of an area as well as the area itself, seen Wednesdays over KGO-TV at 7 p.m.

KCBS recently premiered a new and expanded version of the popular program "This is San Francisco" (weekdays, 8:05 p.m.), featuring the well-known broadcasting personality, Tom Groody.

FENCES MAKE GOOD NEIGHBORS

By Joan Taylor

Much of the poetry of Robert Frost deals with the subject of good neighbors. Having grown up on a New England farm, Frost knew at first hand, the things that counted most—all of them the essence of simplicity. He knew the value of planting birch trees at the water's edge, knew the seasons for planting and the seasons for harvest—knew the beauty of solitude with nature, and the joy of communication with good friends. And probably Frost counted his friends on one hand, because he would not waste his time on the sunnyweather variety.

According to Frost, "fences make good neighbors"—especially if they are in good repair, for an unsightly fence can be an eyesore to a whole block of neighbors. Fences give a man privacy too, while at the same time adding beauty to his land, and raise no obstacle of dispute as to the borders of his plot of earth.

You too might benefit by a word of wisdom from a great poet by calling on the A. L. Stockton Lumber Company, of 6100 Mission, in Daly City, specialists in all types of redwood fences, where you can select the quality fence of your choice. Remember "fences make good neighbors."

58 FORD COMING NOV. 7

Nothing newer

AROUND THE WORLD

The 58 Ford has been proved around the world. This is the most dramatic and most grueling test ever given a new car before its public announcement.

The whole world was used as a test track for the 58 Ford. The car drove through England, France, Switzerland, Italy, Yugoslavia, Greece, Turkey, Iran, Afghanistan, Pakistan, India, Malaya, Thailand, Cambodia, Vietnam, and finally back to the place it started—Detroit, Michigan, U.S.A.

The Ford powered over the great mountain ranges of three continents: from the Alps to the Himalayas and the Rockies. It crossed the great rivers of history: the Thames, the Seine, the Tiber, the Arno, the Tigris, the Euphrates, the Indus, the Ganges.

This car stood at Buckingham Palace, rolled up the Champs Elysees to the Arc de Triomphe, and paused at the Eiffel Tower. It was greeted by the great Paris couturieres at the famous fashion salons where its "sculptured in steel" styling was applauded by the most style-conscious audience in the world. It followed the historic Road to Rome, to stand in the square of St. Peter's before the Vatican. The drivers threw coins in the Fountain of Trevi, and went out the Appian Way to Venice.

The 58 Ford rode smoothly down the rugged, beautiful seacoast of Tito's country, to a festival in Dubrovnik, and into Greece to Athens, where this newest classic met such ancient classics as the Parthenon and the Temple of Poseidon.

Into Turkey: and the 58 Ford passed the great white lacework palaces of the Sultans along the Bosporus and the Golden Horn.

And then the 58 Ford went where few but nomads travel, up into the hot days and chill nights of the ancient mountains of Afghanistan, all the way into the lilac-scented capital, Kabul. And thence over the trail of history, along the route Alexander the Great followed with his chariots, to cross the historic Indus river.

On and on the Ford moved, down into the beauty and heat of mysterious India, through New Delhi to the crystal-white beauty of the Taj Mahal, and to the great pink palace of the Maharajah of Jaipur for a welcoming parade of elephants, and through Banaras and on down to Calcutta.

This great new car met the challenge of the monsoons—rains that for centuries have stopped all road movement throughout Indo-China, but didn't stop the 58 Ford. It drove on to Penang in Malaya, and then north to Bangkok.

It forded jungle streams to stand beside the ancient golden Royal Barges of Siamese Kings. Then it plowed on to the jungles of Cambodia to reach the most fantastic temple of all, the strange ruins of Angkor Wat, eighth wonder of the world. Thence into Saigon, the Paris of the Orient, at the farthest tip of Southeast Asia. Finally, it powered across the great Rockies and plains of North America and back, at long last, to Michigan.

The 58 Ford... has been proved and approved around the world. A natural question arises. Why did Ford go to such great lengths with its 1958 model? Why spend so much money and time and go through all the problems of negotiations, customs, border transit, diplomacy in so many countries?

The answer: in the competitive automobile market of today, only the best in all-around *value* can survive. And this round-the-world test is the most decisive possible demonstration of the best.

The 1958 Ford is *value*: hard-dollar value. It is also style, power, performance, and a dozen great new features. But above all, it is *value*.

This is the car you've been waiting for. See it November 7—there's nothing newer in the world than the 58 Ford!

Jeff Visions Upset (?) Over Capuchino Mob

San Bruno 'Monsters' Heavy Favorite Here Against Frisky Tribe

By Roy Hurlbert

Slingshot Paul Tapia and his bandaged-up Jefferson football mates will be out to do the "impossible" this Friday here when Capuchino—the team and the legend—invades Daly City to pad its reputation as the most ferocious club in Northern California.

The "untouchable" San Brunans, 4-0 for the campaign and unsoiled in dishing out three Peninsula League poundings, should take the Indian scalp handily, if their press clippings mean anything.

But Tapia, the passing Spaniard, and his limping mates are of the opinion that the Cap lads are human, like everyone else, so it will be just another ball game. Coach Joe McGrath and his inspired Injuns just aren't afraid—come heck, high water or this machine from San Bruno.

Mental Outlook

Bothered a bit Friday when they lost to Serra in an exhibition game, 25-13, the Indians don't need the roar of tom-toms to get them mentally ready for the invasion by the men from Mars.

McGrath's huskies (not too husky, at that) have nothing to lose, everything to gain. Tapia has been ordered to throw the works at the powerhouse foreigners, an outfit three-deep in shock troops and eager to pour it on.

Cap had an off day last week and almost was sorry for it. The Brunans managed to smother Castlemont, an East Bay team of sorts, by a count of 35-19. Important thing in that one was that the losers rallied from a 28-0 halftime deficit to punch across three TD's in the third quarter.

The problem, then, is how effective Paul will be when confronted by the toughest line in prep competition. He'll heave from the short punt formation — and heave hurriedly.

If an upset is to be fashioned, the boys to watch are ends Gary Ryan and Pistol Pete Garcia, who, when physically able, are a match for any in the league.

Garcia, a footballer from sun-up to sunset, has more drive than any two players in the circuit. He hauls 'em in, defends, and punts with college finesse. Out last week due to a sprained ankle, Pete wants nothing more than a chance against Cap.

Likewise, Ryan. This basketball ace could ruin the Cap secondary, in combination with the all-out Garcia and halfback Sonny Martinez, the fastest toter for both squads.

Cap Line Tough

Up front, the Jeffers have their hands full. The Cap trenchmen didn't give much yardage in smashing Westmoor, 55-7; San Mateo, 45-0, and South City, 41-0.

Art Banos and Martinez, at the halves, and fullback Hirb Dirks are McGrath's ground attackers. Pat Lena, a regular fullback, is still at half-mast with that bad shoulder. He could help the cause.

On paper, it's true, Jeff doesn't belong on the same field with the likes of terrific Gene Tagliaferri, Jerry Scattini and company.

But prep games aren't won anywhere but on the field. And things can happen.

McGrath, mind you, isn't calling an upset. But Jeff could make an interesting scrap of it. Hold down the score, that is. Or. . . . ?

Serra Inspired

The Serra revival last week was a well-earned triumph. Jeff's comeback for a 13-6 halftime edge was dimmed by a team that was determined to get its first win after five straight losses.

Minus Garcia, and with Ryan and Tapia bumped badly in the rough going, McGrath's forces couldn't stay in there.

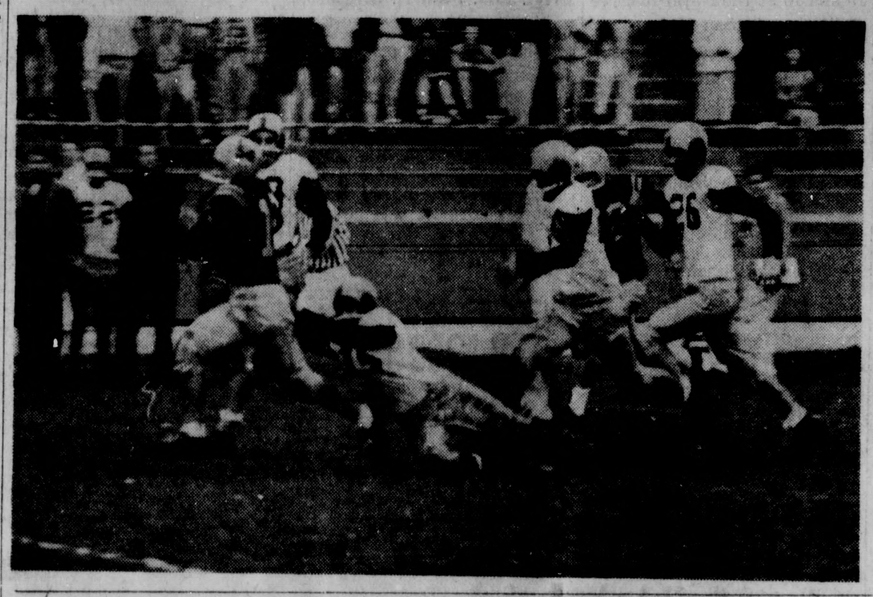
Serra led 6-0 until Tapia marched his mates to the last stripe early in the second quarter. Hirb Dirks went 4 for the TD, and Ryan took Tapia's toss for the extra and a 7-6 bulge.

Near the end of the same period, Tapia engineered his mates 40 yards in seven plays for 13-6, with a pitch (8 yards) to Martinez accounting for the tally.

Serra, blocking and running well, scored twice in the third quarter and again in the closing minutes to assure the triumph.

Tapia connected 11 for 24 in the air, but on the ground the Indians were clobbered, 293 to 5 net yards.

Dirks' Dashes Keep Pesky Padres Busy



SERRA HIGH'S fired-up Padres, though upset victors over host Jefferson last Friday, really had their hands full stopping Indian fullback Herb Dirks during the afternoon. In above photo, Dirks outlasted four Padre tacklers to get Jeff's first TD in the second quarter. It was a four-yard shot off tackle. In bottom action pix, Dirks is shown briefly breaking away from the parochial defenders. Herb will try his talents this Friday here against unconquered Capuchino, a team gunning for the top rating in Northern California.

Hix Scores 24 As Ben Franklin Squad Wins, 40-0

Sparked by Quarterback Bruce Hix, Coach John Belforte's Ben Franklin sixth graders thundered to a 40-0 rout over Colma school last Saturday in DC Playground League touch-football play.

Hix was the individual standout, running for four touchdowns and pitching three times for extra points.

Others scoring TD's for Franklin were John Benett (a pass interception) and Jim Fisher (hauling in a pass from Ron Johnson).

Center John Vocke of the winners was cited for "exceptional" all-around play.

Sports Expanded At Ben Franklin

Thanks to James L. Snell PTA, the Summer Recreation activities are continuing throughout the fall and spring months at Benjamin Franklin.

To date, activities have centered around the fall sports of football and "hunch" basketball. Additional activities have included Indian punt and four-square.

The Ben Franklin Falcons, a sixth grade football team, opened their season with a 36-12 win over Westlake school. The Falcon's roster lists Jim Fisher, John Volke, Nicky Freiberg, Joaquin Andrade, Paul Bianco, Ron Johnson and Marty Wrist. The game with Westlake was well attended, with approximately 25 parents on hand.

Gator Shin-Busters Face Golden Bears

Head Coach Art Bridgman sends his San Francisco State soccer eleven against the powerful University of California kickers this Saturday at the State soccer field. Kickoff is 10 a.m.

The host squad last week captured their first win in NCISC play when they tipped the University of Santa Clara 6-2. In previous outings the Gators were downed by City College of San Francisco (4-1); San Jose State (4-3); and USF (7-1).

Mayor's 11 Goes South To Battle Long Beach State

Unbeaten and title-minded in the Far Western loop, Mayor Joe Verducci's SF State footballers step out of their league this Friday night when they meet Long Beach State in the land of Cinemascope.

The tilt, first between the two schools, finds the Gators slightly on the short end of the odds. The LB 11 is 3-2 for the year in the CCAA, a a stronger circuit than the FWC.

The Verducci puppets pasted the Cal Aggies in their homecoming tilt last Saturday, 45-0. All hands came out healthy, so an upset this week could be in the cards.

The Gators are 3-2 for the year, losing to San Diego State, 14-13, and Fresno State, 27-7, both non-conference shindigs. The Aztecs and Bulldogs are the powerhouses in the CCAA.

Wins Over Rams Keep Jeff Fives On Title Trail

Two-timing Westmoor's lightweights Tuesday, Mike Orlich's Jefferson 10's and 20's remain in strong contention for Peninsula League basketball championships.

Paced by Sonny Stoller's 12 points, the Tribe 10's downed the Rams, 24-19, to move their mark to 6-1 behind San Mateo (7-1). It was 13-7 at halftime.

Rich Mortola, with 12 points, sparked the Jeff 20's to a 45-28 romp over the Rams. Westmoor trailed at the intermission, 26-5. The Jeff 20's are 5-2, second behind SM and Cap, with 6-1 each.

The Ram 10's now are 3-5 and the 20's 2-6.

Victoria, capital of British Columbia, is one of the oldest cities in the province and noted for its old-world atmosphere.

PFENNIG HERO AS JEFF FROSH STREAK PAST W'MOOR, 30-14

Quarterback Jim Pfennig chaperoned Jefferson's freshmen to a convincing 30-14 win over Westmoor last Thursday, giving the young Indians a 2-1 mark in the Peninsula League.

Bob Watt took his victorious squad to Hillside this Thursday, results not known at press time.

The Indians had an easy romp last week after leading at the midway point, 18-7.

Pfennig's 26-yard pass to Rey Javier brought Jeff's first tally, then the big QB ran 8 yards to cap a second TD drive for 12-0.

Rodney Losberger's Rams bounced back for 12-7 on a 55-yard option pass play, John Longstreth to Jim Kennedy. Randy Wyrick ran the conversion.

Jeff's third score was set up by a long run by fullback Hilton Gillory. Jim Luffrano's end sweep from the 25 capped the march for an 18-7 lead.

The final pair of Indian tallies came on another end jaunt by Lufrano (35 yards) and Pfennig's toss to Jerry Bryant, a 90-yard burst.

Longstreth got Westmoor's final six points on a pass-option roll out.

Watt gave his reserves a good workout, while Losberger was minus a few key starters. Missed most was QB Bruce Howard, broken hand, but Billy Hix played well in his place. Others singled out by the Ram boss were Wyrick, Longstreet and Bob Villines, the latter a 6-5½, 265-pounder.

Watt praised Pfennig and Tom McEntee, guards Bob Aita and Ed Crowley, and speedster Javier.

CROSS-COUNTRY

Unbeaten Ram Runners Thunder Toward Title

With five Rams busting the course record, Westmoor's championship-headed varsity cross-country squad stepped nearer the throne Tuesday by walloping South City, 15-48.

Jeff, Westmoor's rival for the title, hit the skids the same afternoon, losing a heartbreaking 28-29 decision to Capuchino.

Ernie Ribera's Rams can cinch the Peninsula League championship with a win over Jeff this Thursday. Westmoor is 5-0 in the loop, Jeff 4-1.

Westmoor's frosh-soph also downed South City this week, 21-34, giving the Daly City runners a 3-2 mark.

Bruce Ryner took the varsity race Tuesday in 10:22.5. Next came mates Bruce Ryner, Phil DeLaFuente, John Blake and Rich Young.

In the frosh-soph tangle, Rich Hall of the Rams bagged another first, timed in 10:41.2. Jack Kyle galloped to a third place finish for the locals.

Jeff's first loss Tuesday was hard to take. Indian Al Davila captured the thing in 10:01.9. with Don Synder a close second.

Cap's frosh-soph remained supreme with a 16-39 nod over Coder's youngsters. Among the many missing faces for Jeff was Don Sereni, who won his first race last week though his squad lost to Hillsdale, 19-36.

Jeff's varsity downed the Knight seniors by 23-33, with Davila first, followed by Synder and Charles Rivera.

Grocery Bowlers Tops In Brisbane

Bell's Grocery continued to lead the Brisbane Handicap League this week by a margin of four games over Chuck's Service Station.

Union Service, sparked by Don Johnson, moved into contention with a split over Brisbane Liquors.

Jayvee Teams Lose

Both Jefferson and Westmoor lost junior varsity grid battles Monday in Peninsula League skirmishing.

The Indian reserves were nipped by Hillsdale, 13-6, while Burlingame raced past Westmoor, 52-0.

Westmoor Fired-Up

Rams Plan Surprise Over Blingum Eleven

Flu-free and rested, Pete Matisi's Westmoor High Rams return to Peninsula League combat this Friday afternoon against favored Burlingame.

The scrap begins at 2:45 o'clock on the Panther turf.

Burlingame, 2-0 in league play but 2-2 all season, could be toppled, Matisi thinks, as his boys figure to be in the best physical and mental shape of the season.

The Rams from Daly City occupy last place with an 0-3 report card against PL foes. They started the campaign with a 6-0 practice win over Willow Glen, then were flattened by Capuchino, 55-7, followed by losses to Jeff, 32-12, and to San Mateo, 26-14.

Improved Team

Since the expected Cap deluge, Westmoor has been improving rapidly. They wrote off the Jeff loss to pass defense, while the San Mateo tilt could have gone either way.

Problem this Friday will be to stop Greg Stikes, Burlingame's one man show. When Stikes is held down offensively, the Panthers can't do much snarling. In fact, the Blingums are by no means in the same class with title-destined Capuchino, unbeaten in four games.

Burlingame's bubble burst the past two weeks as the Panthers fell to Bal of SF, 27-20, and to Lincoln of San Jose, 7-6, both practice setbacks.

Loop victories by the Panthers were 13-0 over sorry South City and 13-7 over disappointing Hillsdale.

Matisi has some lineup changes this week. Larry Harper, the squad's best catcher, moves from FB to end, teaming with Sid Swanson. Gary Pederson is ready for FB duty.

Big Larry

Big Larry Schoenfeldt, 203-pound HB, was hospitalized for a blood clot on his leg over the weekend. Bob-of-all-trades Roller will run from left half to fill the vacancy.

Halfback linebacker John White, a defensive dandy, is sidelined due to low grades. He will be sorely missed.

Dave Simons, Westmoor QB, knows Blingum's weaknesses, and he should be throwing more than usual. His chief rusher is Leo Wyrick, a RH with breakaway motions.

The Ram forward starters, as usual, include guards Paul Giomi and Bob Simi, tackles Mike Abrahamson and Jim Lansing, and Marty Knedel at center.
